Low Intensity Classes - Great for beginners, those returning after injury, or anyone wanting a lower-impact/gentler workout. Movements are controlled with options for support (like chair or wall work), and minimal floor transitions.

Delay the Disease™ : OhioHealth Delay the Disease™ is an evidence-based fitness program designed to optimize physical function and help delay the progression of symptoms associated with Parkinson’s disease
Better Balance 101 Parkinson Disease Class: In this class, we connect the components of balance by finding our center of gravity as well as through visual and isolated exercises focused on improving our balance.
Gentle Yoga: A basic yoga class appropriate for those who want a softer, nurturing, slower-paced class. Special focus on breathing and relaxation techniques.

Functional Flexibility: Functional exercises and stretches to increase strength, flexibility and mobility.
Senior Strength Express: A 30 minute full-body workout using dumbbells of your choice and sometimes various strength equipment such as bands, steppers, bars, etc.
Silver Sneakers BOOM Move: MOVE is a fun, dance-inspired workout. The class improves cardio fitness with easy-to-follow moves and energizing music.
YogaFlex: Combining elements of Functional Flexibility and Yin Yoga, we will build strength and flexibility through a variety of poses and stretches with sections of longer holds to encourage deeper stretching.

Zumba Toning: For those who want to party with extra emphasis on toning and sculpting. Modifies to ALL levels. **Zumba Gold** is less jumping.
Moderate Intensity Classes - Best for members comfortable with regular exercise who want to build endurance and strength. May include light impact, balance challenges, and getting up and down from the floor.

Barre: A total body workout inspired by elements of ballet, yoga, and Pilates.
Circuit Strength & Balance: Improve your strength, balance and coordination in this total body workout -- circuit style!
Cycle: Set to amazing music, this great cardiovascular workout will send you pedaling through hill climbs, sprints, and many other challenging drills and exercises. Modifies to ALL levels. **Virtual Cycle** is a cycle video class. **Cycle Strong** has circuits of arm exercises with DBs between cycling.
Cycle Sculpt: This class will have you burning calories on the bike and boosting your metabolism with sculpting exercises. Modifies to high intensity.
Functional Strength + Flexibility: This class combines strength training exercises and flexibility drills to improve mobility, balance and functional fitness.
HIIT Express: Build stamina, improve core strength, coordination and flexibility, and burn calories as you build lean muscle in this fun and challenging workout.
Resist-a-ball: A non-aerobic workout that uses whole body control to tone and define. Stimulate smaller muscles while increasing good posture and balance.
Sculpt and Strength: Focus on lifting form and movement to gain strength. Various formats including circuits, stacks, blocks, and ladder workouts. Modifies to High Int.
Silver Sneakers BOOM Muscle: Muscle condition blocks and activity specific intervals to improve cardiovascular health and functional skill. Modifies to Low intensity.
Yoga: guided session combining physical postures (asanas), breathing techniques (pranayama), and meditation to build strength, increase flexibility, and reduce stress.
Yoga Sculpt: A dynamic and invigorating workout that combines traditional yoga poses with strength training
Zumba: A fusion of Latin and international music/dance themes that create a dynamic, exciting workout. Modifies to ALL levels.

High Intensity Classes - Recommended for experienced exercisers who are comfortable with a fast-paced, challenging workout designed to elevate heart rate, build (strength, and may include higher impact movements (like jumping or quick transitions), heavier resistance, and frequent floor work.

Bootcamp: This fun and intense group workout combines both cardio and strength/resistance training for a total body workout.
Full Body Fit: A 30 minute workout hitting all the areas of your body for a complete workout.
HIIT + Core: Rev your metabolism and build stamina with HIIT while also targeting the core strength you want.
MetKon RX: A full body interval strength training class that boosts your metabolic rate and burns calories long after the workout.
Power Pair-TRX and Kettlebells: This full-body class blends suspension training with weighted Kettlebell exercises to build strength, power, and core stability
Straight -Up Strength: A 30-minute workout that sculpts and tones the entire body.
